How to Search by School in RPR®

Updated March 2026

REALTORS® Property Resource (RPR®) utilizes MLS data and public information. This information can be used to narrow down a client's potential properties.

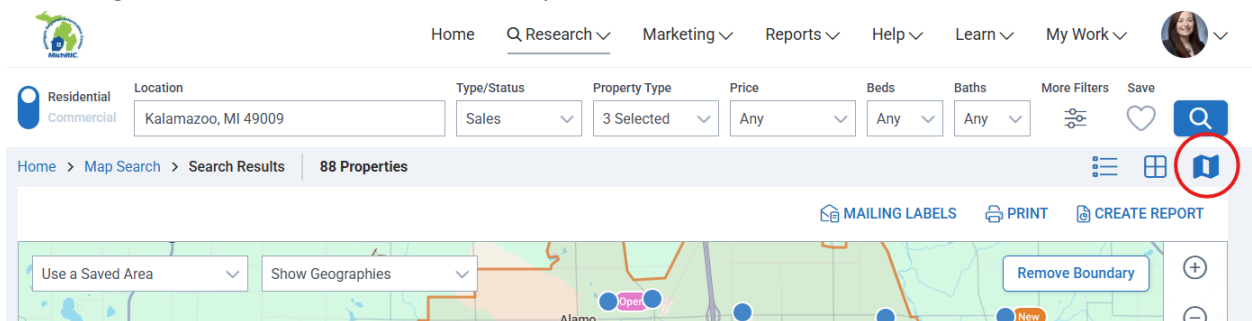

Here's how:

1. Login into RPR®
2. Add your desired search criteria to the **Search Bar** (i.e. city, zip, etc)

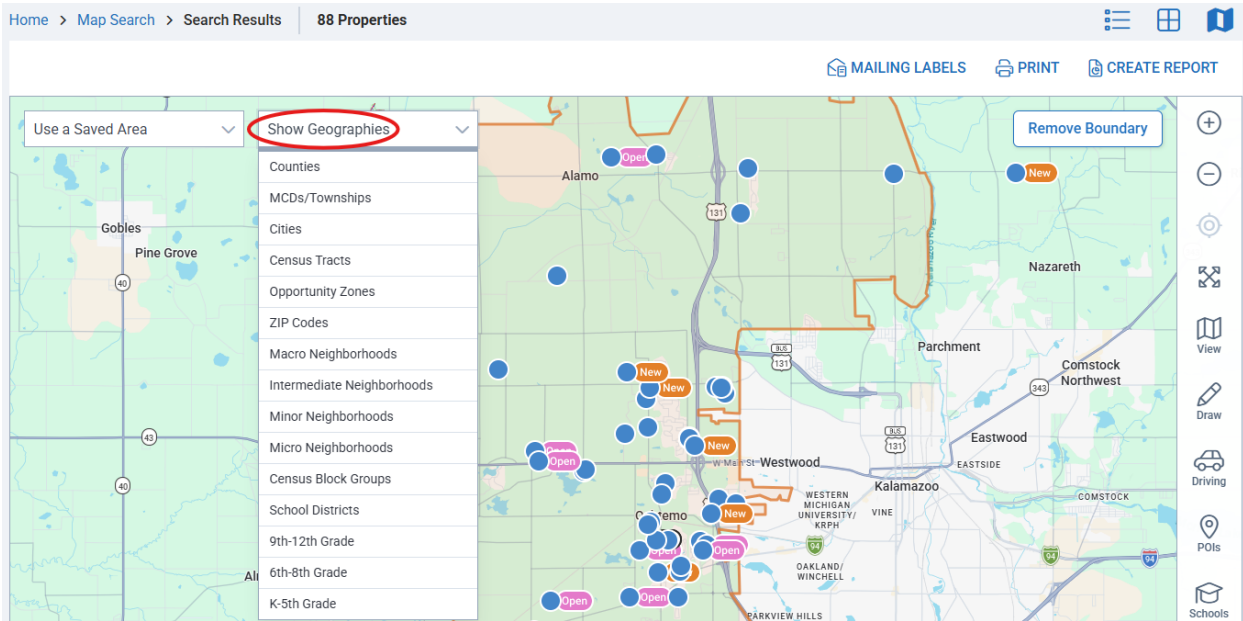

This screenshot shows the top navigation bar of the RPR website with links for Home, Research, Marketing, Reports, Help, Learn, and My Work. Below the navigation bar is the search interface. It includes a toggle for 'Residential' and 'Commercial' property types. The 'Location' field contains 'Kalamazoo, MI 49009'. Other filters include 'Type/Status' (Sales, Leas...), 'Property Type' (3 Selected), 'Price' (Any), 'Beds' (Any), and 'Baths' (Any). A 'More Filters' icon and a search button (magnifying glass) are also present.

3. Select the search button to view properties
4. On the right side of the screen, select the map icon

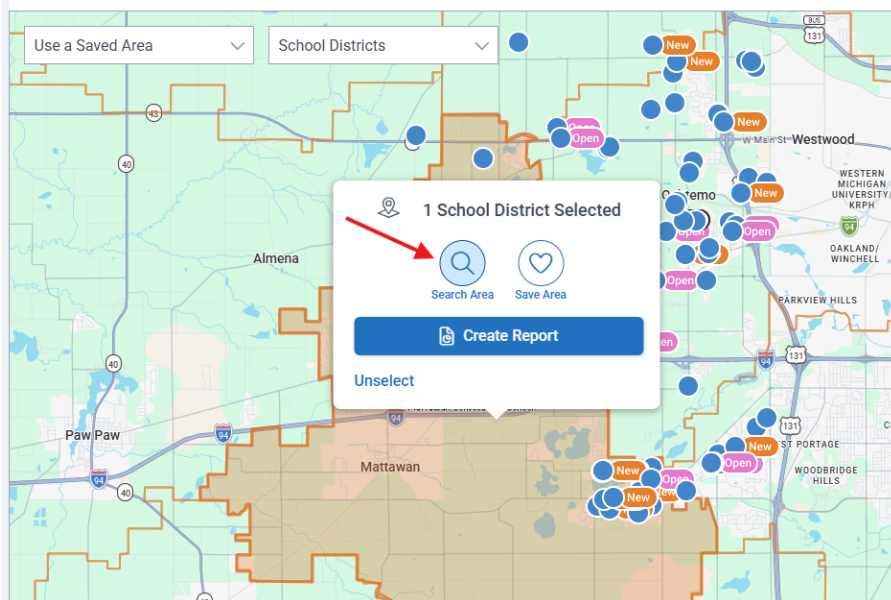

This screenshot shows the search results page for 'Kalamazoo, MI 49009'. The breadcrumb trail is 'Home > Map Search > Search Results'. The results count is '88 Properties'. On the right side of the page, there are icons for 'MAILING LABELS', 'PRINT', and 'CREATE REPORT'. Below these is a map view. The map shows a location in Alamo with a 'New' tag. A red circle highlights the map icon (a blue square with a white map symbol) in the top right corner of the map area.

5. Select **Show Geographies** to open a list that includes **School Districts** and grade levels

6. Select either **School Districts** or the grade level to view a grid of school lines
7. Select an area within the grids to highlight the area
8. Select **Search Area**

9. Continue your search as needed
